

# Greening Sacred Spaces: A One Day Forum

Learn about how faith communities can become more energy-efficient and environmentally-friendly

**Sunday April 15, 2007, 10:30 AM to 4:30 PM**

## WORKSHOPS AND PRESENTATIONS WILL COVER:

**Energy Efficiency:** Save money and improve comfort levels in religious buildings through draftproofing, efficient lighting, insulation, energy audits and more.

**Green Living:** Eco-friendly options for faith communities as well as homes, including healthy cleaning products, organic food, Fair Trade coffee and tea, composting, community gardening, and more.

**Alternative Energy:** Learn how to power religious buildings with wind, solar, and other renewable sources.

**Green Teams:** Easy steps and resources that are available to help form a green team in your faith community.

**Eco Spirituality:** Explore the spiritual traditions and practices of the major faiths and how they can inform a new spiritual relationship with Creation.

**Green Buildings:** Architect Roberto Chiotti will speak about green design and the construction of the new St Gabriel's Parish, now hailed as Canada's greenest church.
